Smart Outdoor Plug

Register and inquire to learn more →

Voice & Remote Control
The outdoor smart plug compatible with Amazon Alexa and Google Assistant for voice control.
Note: It only supports 2.4 GHz Wi-Fi network, not support 5.0 GHz Wi-Fi.

Upgraded 2 in 1 Outlets
2 AC outlets with Waterproof Button Cap design, protects module from dirt and debris when not in use. 15 A/ 1875 W Max for each

App/ Voice Control
2 appliances independently or together

Set Timers
You can also set automatic daily timers or create on/ off so that your devices can turn on and off on their own

IP44 waterproof, FCC/ RoHS certified

With ABS fireproof material and splash-proof design, features weather and impact resistant housing withstands damp or wet conditions

Certificate: ETL/ FCC/ RoHS	Max Current: 15 A (Max)	Working Temperature: –20°C to 50°C
Standards: US Standard	Protocol: Wi-Fi	IP Degree of Protection: IP44
Voltage: 110–240 V AC, 50/ 60 Hz	Operation Environment: Outdoor	Mounting Support: Wall Mounted Installation
Max Wattage: 125 V	Material: PC + ABS	Operation Humidity: RH 5%–95%
Product Dimensions: 105.5 x 80 x 37 mm	Sales Area: Global

US 120 Style Wi–Fi Smart Wall Socket

Register and inquire to learn more →

- Mobile remote control
- Sharing
- Timing
- Overload production
- Countdown
- ON/ OFF physical keys
- Two outlets design
- TR design

Certificate: ETL/ CE/ RoHS	Max Current: 15 A (Max)	Working Temperature: –20°C to 75°C
Standards: US Standard	Protocol: Wi-Fi	IP Degree of Protection: Bayer Class I Fire Protection
Voltage: 110–150 V AC, 50/ 60 Hz	Operation Environment: Outdoor/ Indoor	Mounting Support: Wall Mounted Installation
Max Wattage: Single 1500 W Total 2500 W	Material: Plastic	Operation Humidity: RH < 95%
Product Dimensions: 125 x 80 x 42.3 mm	Sales Area: Global

Smart Wall Outlet

Register and inquire to learn more →

- Wi-Fi 15 A tamper resistant
- 1000 W incandescent
- Resistive
- Duplex receptacle
- 5 A electronic ballast
- 1/2 HP motor
- 120 V AC, 60 Hz
- 1200 VA standard ballast, 1800 W (15 A)
- 2.4 GHz

Certificate: UL/ RoHS	Max Current: 15 A	Working Temperature: /
Standards: US Standard	Protocol: Wi-Fi	IP Degree of Protection: /
Voltage: 120 V AC, 60 Hz	Operation Environment: Indoor	Mounting Support: In-Wall Installation
Max Wattage: /	Material: PC Cover + Copper Accessary	Operation Humidity: /
Product Dimensions: 111 x 51.5 x 45.8 mm	Sales Area: South America/ Canada

US Outdoor Smart Plug x 1 Socket

Register and inquire to learn more →

- 1-outlet outdoor Wi-Fi socket
- W/ countdown function
- 125 V~, 60 Hz, 15 A/ 1875 W resistive, 8 A/ 1000 W tungsten
- App remote control
- W/ manual ON/ OFF button
- Works with Alexa and Google Assistant
- Up to 15 ON/ Off daily

Certificate: ETL	Max Current: 15 A (Max)	Working Temperature: –20°C to 60°C
Standards: BNC-60/ U151T	Protocol: Wi-Fi	IP Degree of Protection: IP44
Voltage: 125 V, 50/ 60 Hz	Operation Environment: Outdoor	Mounting Support: Plug in the Socket
Max Wattage: 125 V	Material: Plastic	Operation Humidity: /
Product Dimensions: 46.1 x 36.5 x 100 mm	Sales Area: USA

The mobile phone is always on standby and can be charged quickly

Voice control, do what you want

Diverse functions, extraordinary experience

Support software and hardware customization

Certificate: RoHS/ CE	Max Current: 10 A	Working Temperature: –20°C to 50°C
Standards: NO	Protocol: Wi-Fi	IP Degree of Protection: No
Voltage: 100–240 V	Operation Environment: Outdoor/ Indoor	Mounting Support: No
Max Wattage: 1000–2400 W	Material: Flame Retardant PC	Operation Humidity: RH 30%–85%
Product Dimensions: 55 x 55 mm	Sales Area: Global

Mini Smart Plug

Register and inquire to learn more →

Remote and Voice Control
Control the socket from anywhere anytime. Works with Amazon Alexa, Google Assistant, simply use your voice command to control your home devices

Outdoor & Indoor Use
IP65 weatherproof housing. Ideal for Garden, Backyard, Kitchen, Bathroom, Porch, Balcony, Garage, Basement, Patio or Electric grill, Sprinkler, Washing machine, Christmas tree, landscape lighting, fountains, lamps, pumps, and other outdoor or indoor-use electric appliances, etc. IMPORTANT! This unit is suitable for outdoor use in damp locations. Do not expose to rain or immerse in water

Schedule and Timer
You can schedule the socket to turn on and off automatically. Added benefit of saving energy when the plugged-in appliances are not needed or are left on by accident

Fast & Easy Setup
Plug in the smart outdoor outlets, simply download Smart Life app, connect to your Wi-Fi network, then you can control your devices via your phone

Control from Anywhere
Control all your devices using your smartphone from anywhere, at any time. All you need is your home 2.4 GHz Wi-Fi network (must be a unique SSID specific to the 2.4 GHz network) and the free Smart Life app (on iOS or Android). No special bridges, gateways, or hubs required

Certificate: ETL/ FCC	Max Current: /	Working Temperature: 0ºC to 40ºC
Standards: US Standard	Protocol: Wi-Fi	IP Degree of Protection: IP65
Voltage: 100–240 V AC, 50/ 60 Hz	Operation Environment: Indoor/ Outdoor	Mounting Support: DIY
Max Wattage: 1800 W	Material: PC	Operation Humidity: /
Product Dimensions: 3.16 x 2.2 x 1.53 inch	Sales Area: North America

Smart On/ Off Toggle Switch

Register and inquire to learn more →

Affordable 3- Way Solution
Work with regular 3 way switches,
no special companion switch needed

Remote Operation
Control the device remotely with your smartphone when connected to a 2.4G Wi-Fi network or enjoy manual ON/ OFF operation from the switch.
Home automation is simple through setting schedules and running timers.

Voice Control
Work with Amazon Alexa and Google Assistant (sold separately) to enable voice control

ETL and FCC listed

Certificate: ETL/ FCC	Button Quantity: 1 Gang	Sales Area: North America
Standards: US Standard	Protocol: Wi-Fi	Working Temperature: 0°C to 40°C
Voltage: 100–240 V AC, 50/ 60 Hz	Operation Environment: Indoor	IP Degree of Protection: /
Max Wattage: 1800 W	Material: PC	Mounting Support: Wiring
Switch Function: Single Pole/ 3-Way	Product Dimensions: 4.1 x 16.5 x 1.8 inch	Distance: Up to 100 Feet Line of Sight
Wiring Configuration: Neutral Required	Max Current: 15 A	Product Color: White

Smart 1 Gang 16 A x Touch Switch Module

Register and inquire to learn more →

Ultimate Beauty
Ingenuity design assures highly texture beauty, toughened glass surface prevents the scratch from knives or something hard, Damp proof available for humid operation

Wi-Fi Remote Control
You can use the Smart Life app (APP Store or Google Play) in your smart phone to control the wall switch wirelessly with 2.4G Wi-Fi. No hub required

Note
Neutral wire required

Voice Control
Once you have this switch, you can connect it with Amazon Alexa (Amazon Echo/dot/tap) or Google Assistant for voice control

Timing Function
Take full control of your home or office lights thanksto the schedule timer that will allow you to plan the exact time to turn lights and appliances on/ off automatically. This smart light switch have several control sites shared by different family members

Work with Roma Locking

Certificate: RoHS	Button Quantity: 1 Gang	Sales Area: South Asia
Standards: IN Standard	Protocol: Wi-Fi	Working Temperature: 0°C to 40°C
Voltage: 100–240 V AC, 50/ 60 Hz	Operation Environment: Indoor	IP Degree of Protection: /
Max Wattage: 3600 W	Material: Glass	Mounting Support: Wiring
Switch Function: 1 Gang	Product Dimensions: 45 x 45 mm	Distance: Up to 100 Feet Line of Sight
Wiring Configuration: Neutral Required	Max Current: 16 A	Product Color: White/ Black
Button Type: Touch

Smart Breaker–2M

Register and inquire to learn more →

Applicable products: energy saving lamps, fluorescent lamps, LED lamps and other lighting

Standby power consumption: ⩽ 0.5 W

Certificate: CE/ RoHS	Button Type: /	Max Current: 10 A (Max)
Standards: Universal	Switch Function: /	Sales Area: Global
Voltage: 220–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi	Working Temperature: /
Max Wattage: 2400 W (Max)	Operation Environment: Indoor	Mounting Support: /
Load Type: /	Material: Plastic	Product Color:White
Wiring Configuration: /	Product Dimensions: 60 x 29 x 22 mm

Smart Lighting Switch

Register and inquire to learn more →

Smart phone APP wireless control household appliance from anywhere

Voice control support Amazon Alex, Google Assistant and IFTTT

Energy meter function is available to know how muchpower consume

Reserve functions of traditional manual switch, manual control is synchronous on smart phone app

Timer, countdown, schedules, share device, great group, smart scene and automations, setting and organised with other smart devices, help you achieve home automation easily

Compatible with RF remote controller

Certificate: CE/ RoHS	Button Type: Rocker	Max Current: 10 A (Max)
Standards: EU UK US AU Standard	Switch Function: 1 Channel	Sales Area: EU/ US/ AU
Voltage: 100–240 V AC, 50/ 60 Hzz	Protocol: Wi-Fi/ Bluetooth/ Zigbee	Working Temperature: –10°C to 40°C
Max Wattage: 2300 W/ 250 W for LED	Operation Environment: Indoor	Mounting Support: Built-in Switch Box or Hang nn Wall
Load Type: Household Appliance/ LED Lights	Material: PCB + ABS	Product Color: White/ Blue/ Purple/ Black/ Customized Color
Wiring Configuration: AC Power Supplier	Product Dimensions: 46 x 46 x 18 mm	

Back to Table of Contents →

2 Gangs Smart Wi–Fi Switch Module

Register and inquire to learn more →

Smart phone APP wireless control household appliance from anywhere

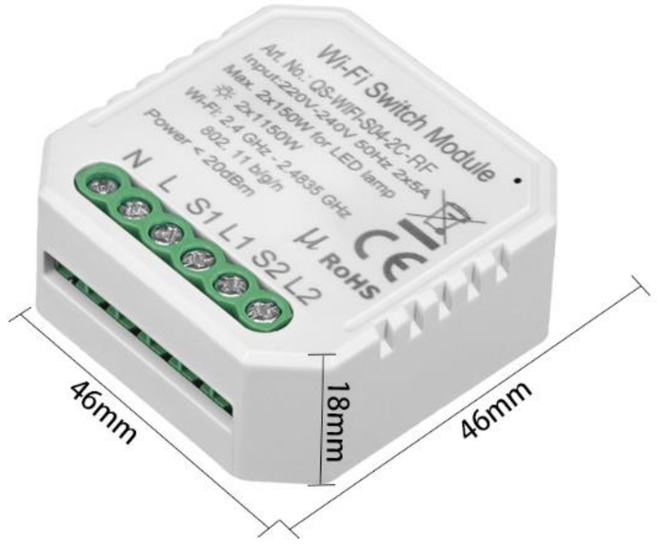
Voice control support Amazon Alex, Google Assistant and IFTTT

Independently control 2 channels

Reserve functions of traditional manual switch, manual control is synchronous on smart phone app

Timer, countdown, schedules, share device, great group, smart scene and automations, setting and organised with other smart devices, help you achieve home automation easily

Compatible with RF remote controller



Certificate: CE/ RoHS	Button Type: Rocker	Max Current: 5 A x 2 (Max)
Standards: EU UK US AU Standard	Switch Function: 2 Channels	Sales Area: EU/ US/ AU
Voltage: 100–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi/ Bluetooth/ Zigbee	Working Temperature: –10°C to 40°C
Max Wattage: 2 x 1150 W/ 2 x 150 W for LED	Operation Environment: Indoor	Mounting Support: Built-in Switch Box Or Hang On Wall
Load Type: Household Appliance/ LED Lights	Material: PCB + ABS	Product Color: White/ Blue/ Purple/ Black/ Customized Color
Wiring Configuration: AC Power Supplier	Product Dimensions: 46 x 46 x 18 mm	

Back to Table of Contents →

Smart Wi–Fi Dimmer Switch Module

Register and inquire to learn more →

- Smart phone APP wireless control home lights from anywhere
- Voice control support Amazon Alex, Google Assistant and IFTTT
- Light brightness automatically changed to desired level at different time as setting
- Reserve functions of traditional manual switch, manual control is synchronous on smart phone app
- Timer, countdown, schedules, share device, great group, smart scene and automations, setting and organised with other smart devices, help you achieve home automation easily
- Compatible with RF remote controller

Certificate: CE/ RoHS	Button Type: Push	Max Current: 680 mA (Max)
Standards: EU UK US AU Standard	Switch Function: 1 Channel	Sales Area: EU/ US/ AU
Voltage: 100–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi/ Bluetooth/ Zigbee	Working Temperature: –10°C to 40°C
Max Wattage: 150 W (LED)	Operation Environment: Indoor	Mounting Support: Built-in Switch Box Or Hang On Wall
Load Type: TRIAC LED Light Incandescent Light and Halogen Light	Material: PCB + ABS	Product Color: White/ Blue/ Purple/ Black/ Customized Color
Wiring Configuration: AC Power Supplier	Product Dimensions: 46 x 46 x 18 mm

2 Gangs Smart Dimmer Switch Module

Register and inquire to learn more →

- Independently control 2 channels home lights from anywhere by smart phone app
- Voice control support Amazon Alex, Google Assistant and IFTTT
- Light brightness automatically changed to desired level at different time as setting
- Reserve functions of traditional manual switch, manual control is synchronous on smart phone app
- Timer, countdown, schedules, share device, great group, smart scene and automations, setting and organised with other smart devices, help you achieve home automation easily
- Compatible with RF remote controller

Certificate: CE/ RoHS	Button Type: Push	Max Current: Max 2 x 450 mA
Standards: EU UK US AU Standard	Switch Function: 2 Channels	Sales Area: EU/ US/ AU
Voltage: 100–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi/ Bluetooth/ Zigbee	Working Temperature: –10°C to 40°C
Max Wattage: 2 x 100 W (LED)	Operation Environment: Indoor	Mounting Support: Built-in Switch Box Or Hang On Wall
Load Type: TRIAC LED Light Incandescent Light and Halogen Light	Material: PCB + ABS	Product Color: White/ Blue/ Purple/ Black/ Customized Color
Wiring Configuration: AC Power Supplier	Product Dimensions: 46 x 46 x 18 mm

Smart Wi–Fi Curtain Switch Module

Register and inquire to learn more →

Widely applications, working with curtain,blinds, roller shutter, garage door, etc

Smart phone app wireless control movement (open/ close, up/ down, start/ stop) of electric motors from anywhere

Voice control support Amazon Alex, Google Assistant and IFTTT

Reserve functions of traditional manual switch, manual control is synchronous on smart phone app

Timer, countdown, schedules, share device, great group, smart scene and automations, setting and organised with other smart devices, help you achieve home automation easily

Compatible with RF remote controller

Certificate: CE/ RoHS	Button Type: Rocker	Max Current: 3 A (Max)
Standards: EU UK US AU Standard	Switch Function: 2 Channels	Sales Area: EU/ US/ AU
Voltage: 100–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi/ Bluetooth/ Zigbee	Working Temperature: –10°C to 40°C
Max Wattage: 3 A	Operation Environment: Indoor	Mounting Support: Built-in Switch Box or Hang on Wall
Load Type: AC Motor	Material: PCB + ABS	Product Color: White/Blue/Purple/Black/Customized Color
Wiring Configuration: AC Power Supplier	Product Dimensions: 46 x 46 x 18 mm

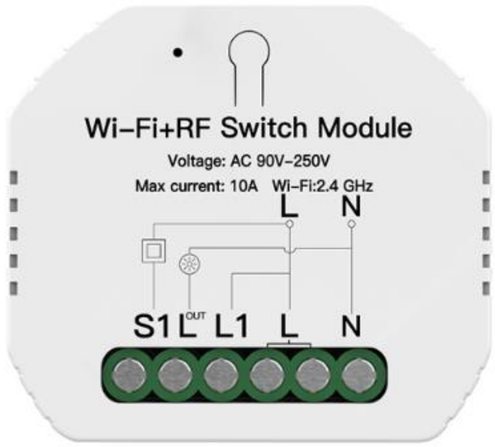
Wi–Fi + Blutooth Smart Switch Module

Register and inquire to learn more →

- Bluetooth network connection
- Multi-control association
- Traditional switch and smart switch independent control, non-interfering
- Power off memory
- Hide in the wire box to save installation space
- Can use as 1 gang 2 way switch, 2 switches control 1 same Lamp



Certificate: CE/ RoHS/ FCC	Button Type: Touch/ Button/ Rocker/ Reset	Max Current: 10 A (Max)
Standards: EN Standard	Switch Function: Single Pole/ 3-Way	Sales Area: EU
Voltage: 100–240 V AC, 50/ 60 Hz	Protocol: Wi-Fi	Working Temperature: –10°C to 45°C
Max Wattage: 2200 W	Operation Environment: Indoor	Mounting Support: Embedded Installation
Load Type: Resistive Load/ Inductive Load	Material: ABS	Product Color: White
Wiring Configuration: AC Power Supply	Product Dimensions: 52 x 47 x 18 mm

Smart Water/ Irrigation Timer

Register and inquire to learn more →

- Solar panel power with RF gateway
- Irrigate with percentage from 0%-100% with 5% accuracy
- Timer with irrgation schedule from Monday and Sunday. Irrigate any time and place
- Real timer feedback
- Google and alexa assistant, voice irrigation
- Group member sharing

Certificate: CE/ FCC/ RCM	Pressure: 16 Bar	Max Current: /
Standards: BSTP and NPT Standard	Number of Zones: Unlimited	Sales Area: US/ Eureapean Markets
Voltage: 5 V DC	Protocol: RF + Wi-Fi	Working Temperature: –5°C to 65°C
Max Wattage: 5 V DC	Operation Environment: Outdoor	Mounting Support: DIY Male and Female Thread Connecting
Water Volume: DN15 = 2.5 m³/H DN20 = 5 m³/H DN25 = 7.5 m³/H	Material: PP	Product Color: White and Black
Wiring Configuration: 2 x AA Battery	Product Dimensions: 175 x 165 x 125 mm

Smart Home Automation Wireless Wi–Fi Water Valve Intelligent Water Shut Off Valve Tuya Control

Register and inquire to learn more →

- Easy to Install – No need for professional plumbing
- Allow automatic, remote on mobile phone or manual shut on/off function. Save your home from flooding quickly
- Work with water sensors to detect leaks, pipe breaks, frost temperature, and unusual water flow
- Come in request sizes for various pipe types (1/ 2″ , 3/ 4″ , 1″ , & 1 1/ 4″)
- Infinitely Expandable – Can add as many leak detectors as required to protect any building
- Flow rate can be set from 0-100% on app to limit water waste
- Work with Google Home and Alexa

Certificate: NSF	Pressure: 1.0M pa	Max Current: 2 A (Max)
Standards: BSP Standard NPT Standard	Number of Zones: /	Sales Area: All Country
Voltage: 5 V	Protocol: Wi-Fi	Working Temperature: –30°C to 60°C
Max Wattage: 10 W	Operation Environment: Indoor	Mounting Support: This controller can be installed over the existing shut off bulld og valve. Installation is very easy and is DIY.
Water Volume: Adjustable	Material: SS304 & Engineering Plastics	Product Color: Green or OEM
Wiring Configuration: USB Cable	Product Dimensions: 68 x 68 x 85 mm

Smart Sectional Garage Door Opener

Register and inquire to learn more →

- Remote control existing garage door openers through app or voice; compatible with witgarage app and smart life app; the app can be customized
- Notifications when door is open or closed, or opened for a long time
- Set schedules, garage door can open according to your personal schedule
- Allow multi-user access, and the device can be shared with family or friends
- Easily install with wireless sensor
- Only support sectional door
- Using the witgarage app, you can use GPS to automatically open the door when back home, or close the door when you leave home
- Using the witgarage app, work with Tuya camera, it will open the camera preview when you operate the door

Certificate: SAA	Protocol: Wi-Fi	Sales Area: North America/ South America/ Australia/ Middle East/ Europe
Standards: US, AU, ER, UK Standard	Operation Environment: Garage	Working Temperature: –10°C to 55°C
Voltage: 100–240 V AC, 50/ 60 Hz	Material: ABS	Mounting Support: Controller plug in socket Sensor is stick on garage door by 3 M tape.
Max Wattage: 5 W	Product Dimensions: Controller: 106 x 60 x 34 mm Size of the Sensor: 71 x 31 x 15 mm	Product Color: White
Motor Type: Most General-Purpose Motors	Max Current: 1 A (Max)
